

NSC Northeast Conference & Expo Early Closure Notice

The National Safety Council has continued to closely monitor the COVID-19 issue with the guidance from the CDC, Allegheny County Department of Health and our partners here at the David L. Lawrence Convention Center. Given the rapidly escalating situation and listening to feedback expressed by both exhibitors and attendees, we have made a difficult and deliberate decision to close the NECE as of 5:00 PM, Thursday, March 12, 2020.

Your health and safety is important to all of us at NSC. We greatly appreciate your understanding as we navigate this unprecedented global health crisis. NSC will follow up with attendees and exhibitors regarding next steps.

Thank you for your loyalty and commitment to NECE 2020.
